ADD:SECURE®

NavDLC

Required driving license control easy and without charge

With NavDLC, drivers can be created and the driver's license checked both with visual on-site control and automatically with a test sticker and the NavID App. Thus, a compliant proof of driving license control is no longer an issue for you.

- Create and manage all of your employees
- Export the data via PDF
- Set up notices and warning messages in the portal
- Remind drivers via E-Mail and SMS of upcoming inspections
- Daily e-mail notifications

For a safer and smarter world

5 steps to a working system and complete ease of mind.

1 Register now for the portal

2 Order the RFID sticker

Stickers available for only 3,50 € (excl. VAT)

3 Install the NavID app for checking

4 Add drivers in the portal

5 Assign the employees the unique ID of the RFID sticker

§ **Drivers license control**

According to §21 StVG german law, as a vehicle owner you are obliged to verify the driving license of your employees at regular intervals. If you can not prove this, you can get fined in an inspection.
